Harmanpreet Singh

Software Engineer at Raisin GmbH
Berlin Metropolitan Area

Summary

A computer science engineer who both enjoys design and development, keep the balance between form and function and pay special attention to technical aspects as well as UI/UX and typography of every project.

Experience

Raisin

Software Engineer

June 2019 - Present (1 year 3 months)

Berlin Area, Germany

Currently, responsible for development, enhancement and maintenance of entire UI/UX of customer dashboard of Raisin deposits marketplace platform so that customers can have smooth experience while managing their investments after they sign up. Apart from that, I am working on improving the code quality and stability by adding missing unit tests and reducing the webpack compilation time during development.

Kanini (formly known as GISbiz Technologies)

Frontend Developer

July 2017 - March 2019 (1 year 9 months)

Chennai Area, India

Worked on company's products which are exclusively being developed in React ecosystem using modern tools such as Docker and Swagger. I delivered working solutions to frontend related challenges. Before this, I was involved in internal projects of a MNC client. I was responsible for technical analysis, providing time estimations for assigned tasks, discussion with back-end developers for any concerns or clarifications and UAT support to client.

Novai TeK India Pvt. Ltd.

Frontend Developer

July 2016 - July 2017 (1 year 1 month)

Chennai Area, India

CSIOM Solutions Private Limited

Front-end Web Developer

August 2013 - June 2015 (1 year 11 months)

Ludhiana Area, India

Worked in a team on variety of projects, helped mainly in designing and developing the UI/UX. I was also involved in database design in number of projects.
